

## Guacamole Dip

Written by

---

**You might substitute a nice sweet onion, but not the typically pungent yellow onion. Also best sure to include the fresh cilantro and lemon juice. They add just a nice fresh lift to the dip. Enjoy!**

### Ingredients:

- 1 large ripe avocado, peeled and quartered
- 1/2 small white onion, halved
- 1 small clove garlic, halved
- 1 tsp lemon juice
- 1 TBS fresh cilantro
- 1/2 tsp Tabasco
- 1/2 tsp salt
- 1/2 cup mayonnaise
- 1 small ripe tomato, halved

### Directions:

1. Place all ingredients into food processor and pulse until dip consistency is reached; cover and refrigerate for 2 hours before serving
2. Serve with warm tortilla chips

**Serves 4-6**
